

# Hanut BigView KVM switches

## Feature rich KVM switches for the enterprise

### Press Release

**January 2004: Hulasi Metals Pvt. Ltd., India is pleased to announce the launch of Hanut BigView kvm switches.**

Enterprise customers will like Hanut BigView kvm switches for their rich feature set and economical price.

When used in daisy chain network the BigView kvm switches can control up to 116 computer systems. BigView kvm switches support Intel ® and USB enabled SUN ® servers and workstations. BigView kvm switches are thus capable of supporting enterprise customers' diverse and growing server infrastructure.

High video quality, easy PC selection through On Screen Display (OSD), 8 character password protection, search for server by name are some of the many advanced features of the Hanut India BigView kvm switches. BigView kvm switches are available in 4 port, 8 port and 16 port models.

Detailed information about the kvm switches is available on company's comprehensive IT products website: <http://www.hanut-india.com/>.
